EAGER FOR AN ATTACK

American Troops Anxious To Get at the Spaniards.

FAMINE CAUSING GREAT SUFFERING THROUGHOUT CUBA.

Off Santiago, June 20—Special—The United States fleet of transports and convoys, comprising thirty-six vessels, arrived off Sampson's fleet ten miles off Santiago at noon yesterday. The army is now ready to land and take Santiago, the navy attacking the sea side of the city at the same time. The question of a landing place is, now being discussed by Shafter and Sampson. It will be ten miles above or ten miles below Santiago, or possibly at Guantanamo. The arrival of the transports was seen by the Spaniards from Morro castle. A salute to the army was fired by the flagship New York.

The voyage from Tampa was uneventful. A few cases of measles and a dozen cases of typhoid fever are reported. The soldiers are eager to get ashore to engage the enemy. When the fleet was sighted by the blockading squadron cheers arose from the sailors on the warships. The horses and mules aboard the transports suffered severely, many dying.

Famine Is Widespread.

New York, June 21—Special—News brought by Cuban refugees indicates that famine is likely to be a powerful ally of the United States in Cuba. Havana has long been suffering from a shortage of provisions, and Santiago is in even a worse state. None but the rich and the officials are adequately supplied, and the suffering among the poor is acute. The rations issued to the soldiers are exceedingly scant, and there are fears of mutiny. There is no prospect of relief, as the blockade prevents importation and the country inland is almost a barren waste, made so by the war. The insurgent soldiery are in a much better condition, as they have a larger territory in which they can forage. Foraging expeditions by the Spaniards are hazardous undertakings, as all about the cities the Cubans are on the lookout for such bands, and show them no mercy.

Hope For Hobson.

Washington, June 21—Special—It is regarded as fortunate for Lieut. Hobson and his men that Blanco may not be the final arbiter of their fate. Premier Sagasta, at the solicitation of the British ambassador, has agreed to consider their cases with a view to their exchange as prisoners of war, and Blanco's determination to murder them may be overruled. Their daring enterprise has been shown to be an act of legitimate warfare, and the injustice of their execution as incendiaries has been pointed out. Sagasta, it is said, will order that they be exchanged.

Sampson Didn't Say It.

Washington, June 21—Special—Officials of the navy department do not confirm the report that Sampson is quoted as saying the Merrimac does not blockade the entrance to Santiago harbor. A naval officer here says Sampson had made no such report.

Cable Is Working.

Washington, June 21—Special—Gen. Greely, chief of the signal service, states that cable communication has been re-established with Guantanamo, the Cuban end of the cable being worked from one of the vessels in the harbor.

The Landing Begun.

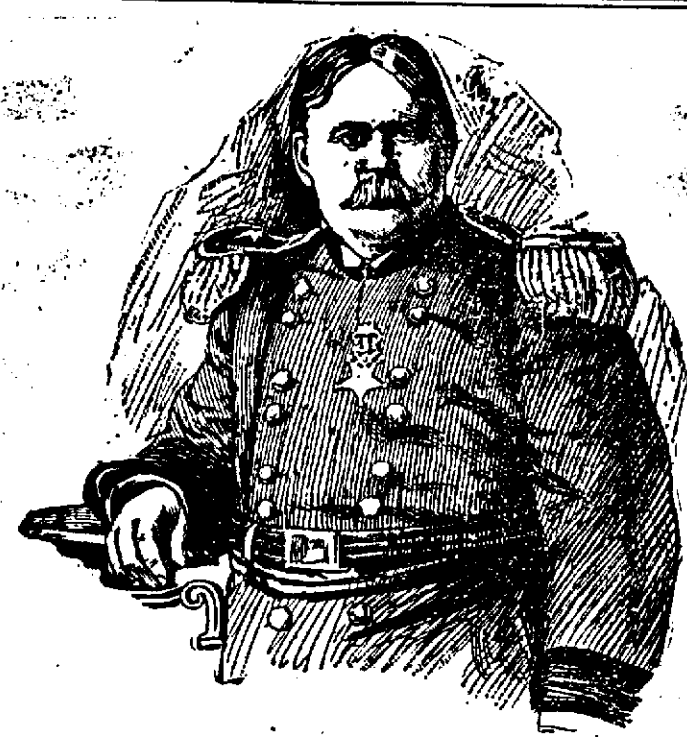

New York, June 21—Special—A Washington special says the government has been advised that the landing of troops near Santiago began today. A brisk fire from the ships covered the movement.

Feeling the Public Pulse.

Madrid, June 21—Special—The government has sent trusted agents throughout the country to feel the popular pulse and find out whether the people are in favor of peace or not.

Gone to the Canaries.

Washington, June 21—Special—It is reported here that part of the Cadiz squadron has gone to the Canary Islands.

MAJ. GEN. WILLIAM R. SHAFTER, FIFTH CORPS.

Major General Shafter is a native of Kalamazoo county, Mich., and is 68 years old. In the civil war he was brevetted brigadier general of volunteers. In 1880 he was appointed lieutenant colonel U. S. infantry and brigadier general in 1897.

AN OLD FASHIONED FOURTH OF JULY

JANESVILLE WILL FITTINGLY CELEBRATE NATAL DAY.

Citizens Generally Are Entering Into the Spirit of the Occasion—Plenty of Money Being Subscribed—Program of Games That Will Interest Many—The Fireworks.

Janesville will have a rousing, old-fashioned Fourth of July. Preparations are practically completed for a big day.

On every hand there seems to be a disposition this year to celebrate—not for trade reasons, not to draw people to the city; but because national feeling demands an outlet. To omit patriotic observations on such a year would be out of the question.

The committee in charge of the financial end of the Janesville celebration went out today, and with gratifying success. Generous responses encouraged them to enlarge the original plans for the Janesville celebration. Plenty of Sport.

There will be games, races and athletic contests for cash prizes on the afternoon of the Fourth. The morning will be given up to the industrial parade, where there will be floats representing the manufacturing and trade interests of the city. The parade will be a marked departure from the usual rule, and will be picturesque and full of variety.

Bicycle races for country riders—Janesville riders barred—are likely to be arranged. There will be cash prizes in these races, and lively times are promised.

Good speaking will be a feature of the day, with plenty of music before and after.

Fireworks Galore
Much stress is being laid on the fireworks display. George M. McKay returned home from Chicago last night where he spent the day in company with O. C. MacLean in selecting fireworks for the Fourth of July. They purchased a fine assortment and promise many novel features. This is a great year for fireworks, the dealers report, and many striking designs are to be put out.

BELOIT SOLDIERS WERE POISONED

BETWEEN TWENTY AND THIRTY MEN SUFFER SEVERELY.

Some Had A Narrow Escape—Belief That The Food Eaten at Dinner Contained Something Deleterious—All Will Soon Be Able to Resume Duty Again.

Jacksonville, Fla., June 21—From twenty to thirty members of Co. E, of Beloit, are seriously ill and there is every symptom of poisoning.

The cause is attributed to food which the men ate at dinner and supper yesterday.

Late yesterday afternoon several members of the company complained of suffering from headache, but nothing serious was expected.

At the review last night some of the soldiers were unable to turn out. When the review was over the whole company was in a state of excitement.

Squads of men were vomiting and groaning with pain in the stomach. All were also affected with dysentery, and every symptom of poisoning was apparent.

Major Evans was summoned and early this morning is still working over the men. It is not now thought that any of the cases will prove fatal.

While as yet the cause has not been fully established, there seems to be no doubt that the food was off. The men ate beans, bread and coffee. Analysis of the food will be made.

BAD BLAZE AT BELOIT

Flouring Mill Burned Involving a Loss of More Than Fifty Thousand Dollars.

Beloit, Wis., June 21—A fire which for a time threatened great destruction broke out at 12:30 o'clock this morning in the flour mill of Higdon's Milling company. The mill is one of the largest in Southern Wisconsin, having a capacity of 200 barrels an hour.

It is located in the factory district of the city, and for a time it was feared that a whole section of the town would be wiped out. The fire department did good work, and succeeded in preventing the blaze spreading to any of the adjoining buildings.

The mill was burned to the ground and the loss will be over \$50,000, partially covered by insurance. About twenty men will be out of employment as a result of the fire.

Sam Moses, one of the firemen, was injured by falling while working on his home. His condition is not critical.

FIFTY PEOPLE DROWN

Staging Swept Away at a Launch in England and 300 Persons Thrown Into the Water

London, June 21—[Special]—The new battleship Ablon was launched from the yards at Blackwell today. Back wash from the launching of the vessel broke down a staging filled with spectators and three hundred were precipitated into the water.

It is believed fifty persons were drowned. Thirty bodies have already been recovered. It will be impossible to ascertain the number of lives lost until the tide ebbs. Ambassador Bay and wife were present when the disaster occurred, but were in places of safety. The Duchess of York and other notable personages were also present.

TALK TO LOWER.

MUCH TALK OF PEACE

Madrid Officials Anxious for a Cessation of Hostilities.

WHAT THE UNITED STATES WILL REQUIRE OF THE ENEMY.

Washington, June 21—Special—There is no knowledge here that any propositions for peace have been made by Spain, notwithstanding the statement of De Rio, the minister of foreign affairs at Madrid. Officials here declare that the time for such propositions has passed, and that nothing will now satisfy the American government and people but the surrender by Spain of Cuba, Porto Rico, and the Philippine Islands. Negotiations upon any other basis are useless.

Camara's Fleet Tied Up.

London, June 21—Special—The return of Camara's fleet to Cadiz for repairs proves conclusively previous reports of the unseaworthiness of the vessels. It is doubtless true as has been alleged that they would founder at sea upon encountering a storm. Camara is too sagacious a sailor to run the risk. It is the opinion of naval officers here that the United States need fear no trouble from the ships composing the Cadiz fleet.

To Carry Stores.

Washington, June 21—Special—The war department announces this morning that the cruisers Yale and Harvard will carry subsistence stores and additional troops to Santiago. The present plan contemplates sending the Sixth Illinois, Sixth Massachusetts, Eighth and Ninth Ohio regiments.

Bryan to Serve Under Lee.

Washington, June 21—Special—Bryan's regiment has been assigned to Lee's corps. It will be some time before they get into active service, it having been decided that Lee will move with the main expedition to Havana.

Talk of Peace.

London, June 21—Special—The Pall Mall Gazette says the question of peace between Spain and the United States is being discussed, and important developments are expected.

Returned to Cadiz.

London, June 21—Special—Dispatches from Gibraltar say Camara's fleet has returned to Cadiz. The machinery of one of the warships broke down.

Not Heard From.

Washington, June 21—Special—No word has been received here from the first Philippine expedition.

Another Crisis Impending.

London, June 22—Special—Advices from Madrid say another cabinet crisis is imminent.

DISGUSTED WITH THE MATCH

Janesville Sports Pronounce the Wrestling Bout a Fraud.

On the early morning trains from Chicago a much disappointed crowd arrived here after attending the much heralded wrestling match between Evan Lewis and the Turk which took place last evening. The Janesville delegation were of one opinion—that the Turk was the better man of the two, and that at 20 minutes did Lewis win that he was anywhere near his equal. Those who went from here paid \$2 a seat admission.

Oshkosh, Wis., June 21—During the past few weeks there have been reported several fires that were undoubtedly of incendiary origin. The latest one was the most serious. It was started in a warehouse of the Cook-Brown Lime company. The warehouse is situated on Marion street west of the company's office and plant. It had a narrow escape from total destruction. The fire was started on the outside of and near the bottom of a charcoal bin. When discovered it had gained considerable headway. Two attempts at burning the lumber yard of the Oshkosh Furniture company on Cease street have been made recently. In both instances the place chosen for starting the fire was strewn with straw and other inflammable material before the match was applied.

Lynch then drew a 38-caliber revolver and shot Mr. Wetzel in the mouth, the ball entering on the left side. The injured man was at once taken to the hospital and the bullet extracted from the back of his neck. Lynch had been drinking hard and his wife procured a divorce from him recently. He is supposed to have charged the cause of his domestic troubles to his father-in-law. Lynch was taken to Sparta and placed in jail to await the result of Mr. Wetzel's injuries.

INTERESTED IN PRICE OF BEER

Milwaukee Brewers Want to Know What Their Janesville Brethren Will Do.

The Milwaukee brewers are anxious to know just what action the Janesville brewers intend taking in regard to the present rise in the price of beer. One Milwaukee firm writes a local brewer a lengthy letter on the subject, asking him to state what the price will be on Janesville beer. The letter was not answered, for, as the Janesville men said, "we will just keep those Milwaukee boys guessing for a time, at least." Janesville beer, on account of the present war tax, has gone up a dollar a barrel, and an advance is also noticed on local brewed ales.

THIS DAY IN HISTORY.

1531—Captain John Smith, famous in Virginia settlement, died in London; born 1579.
1788—New Hampshire ratified the United States constitution, the ninth state, thus insuring its adoption.
1818—Battle of Vitoria, Spain; Wellington routed Joseph Bonaparte.
1819—Jacques Offenbach, noted musical composer, born in Cologne of German-Jewish parents; died 1880.
1865—The German emperor laid the cornerstone of the Kaiser Wilhelm (Kiel) canal.
1897—Captain Boycott, the first man subject to the boycotting system, died in London; born 1842.

PRAISE THE PRESIDENT.

The London Standard praises President McKinley's war policy lavishly, saying: "President McKinley's wisdom in postponing a serious invasion of Cuba until after the rainy season," says: "The president shows himself, as he has done throughout the whole business a wise and strong ruler. Undoubtedly the American navy was ready for war. Scarcely in any past conflict has any nation asserted at once against its opponent such a complete mastery of the sea. The reason the operations hang fire is the unreadiness for what is to be done on land. America has splendid material for a fine army but the time is required to organize it. Therefore we will congratulate the United States on possession of rollers strong enough to turn a deaf ear to the wild impatience of the jingoes."

St. phen Grand denies the statement that the Spaniards mutilated the bodies of the dead American soldiers. He says the wounds inflicted by the "mushroom" bullets from the Spanish Mauser rifles were frightful and created the impression that the bodies had been mutilated. The people are loth to accept the explanation, however, partly because of the reputation the Spaniards have made in previous wars, and partly because Stephen is so eminent a war correspondent.

There was a time when Fitzhugh Lee would have been highly indignant if it had been suggested that he would some day say that the troops from Wisconsin could not drill any that he had ever looked upon, but the old prejudice is now a thing of the past.

The allied business interests of Spain are petitioning the government for peace, saying that the fight is unequal, and that America will surely win. Spain would be wise in listening to the plea, but the sensible men who make it will probably only be frowned upon.

The full name and title of the Spanish admiral is Pascual de Cervera y Topete, Conde de Jerez, Marquis de Santa Anna. That is the Spanish of it, but in plain English it is considerably shorter—"Dennis," for instance, or perhaps even "Mud."

La Crosse Chronicle—The latest republican gossip is that the La Follette men are turned road agents and propose to "hold up" the state convention. Their threat is "nominate La Follette for governor or we'll beat you at the polls!"

Admiral Sampson claims that Cervera's ships are prizes of war, and that if the Spanish admiral destroys them, he will be destroying American property. And the best part of it is that international law bears Admiral Sampson out.

President J. T. Wright, of the Rock County Sunday School association is a tireless worker, and his labors are bearing full measure of fruit. On Sunday last Mr. Wright drove forty miles to organize two Sunday schools.

"Naval experts" say that Camara will not go to the Philippines, but to the Canaries. There are no indications, however, that "the naval experts" know any more about it than "the plain people."

According to the Chicago papers, the Allen street car law is one of the worst and best laws ever enacted.

The statement that there is friction between Secretary Alger and General Miles seem to grow out of the desire to injure one or both of them. They

are working in harmony and have the same plan of campaign.

No decisive results have yet been accomplished in the great Chicago newspaper war, and the Inter Ocean, Times-Herald, Tribune, Post, News and Record are still firing at each other—much to the disgust of the people.

"Spanish honor" is greatly outraged by the fact that the administration proposes to protect Lieut. Hobson and his comrades. But the lieutenant and his seven fellow heroes will be protected, just the same.

The Chicago Inter-Ocean says The Chicago Tribune is likely to "withstand" the strategy board. Let us hope, for the good of our common country, that this is not true.

And while the city people are providing good streets, the farmers should not forget that good roads are the best investment that they can make.

If the Dons kill Lieutenant Hobson and his seven heroic comrades, Uncle Sam would be justified in hanging the whole Spanish army and navy.

The merging of the blue and grey uniforms, it seems, has produced the brown overalls that Uncle Sam is now furnishing to the army.

It now appears that Camara's fleet has not "gone to the dogs," as was currently reported, but to the Canary islands.

The soldiers were so glad to get orders to start for Santiago that they actually went into transports.

And it might also be well to remember the hospital.

The Fourth of July celebration.

And the damage suits.

WILL CARRY SIXTH ILLINOIS.

This Regiment Will Go Either on the Harvard or Yale.

Washington, June 21.—It has been definitely determined to send Gen. Garretson's brigade, now at Camp Alger, to re-enforce Gen. Shafter at Santiago. This brigade consists of the Eighth and Ninth Ohio, the Sixth Illinois, and the Sixth Massachusetts.

These troops will go on the Harvard and the Yale, new officers for which vessels were assigned this morning. One of these ships will sail on Wednesday, and the other on the following Saturday.

It is said that 4,000 additional volunteers, probably from Gen. Duffield's brigade at Camp Alger, will also be sent to Santiago, making a total reinforcement of 8,000 men.

It is understood that these volunteers are intended to occupy Santiago province and maintain possession there after the regulars now under Shafter have won it from the Spaniards.

Anxiety at San Juan.

New York, June 21.—The Herald publishes the following special correspondence, dated San Juan, Porto Rico, June 9: Since the bombardment of the city, May 12, there has been a general feeling of unrest, uneasiness and uncertainty as to what is to come next, as it is clearly evident that matters will not rest long as they are. Where and when the next blow may fall is the all-absorbing question.

JOYS AND SORROWS
OF SOLDIER LIFEMEMBERS OF JANESVILLE'S
COMPANY FIND BOTH.

Social Pleasures Are Not Altogether Denied in Jacksonville—All the Men Are Cheerful Despite Some Hardships—Beloit Company and the Graybacks

Camp Cuba Libre, Jacksonville, Fla., June 17.—The routine of the camp continues on its dull round. Work hours are a bit longer, as the men become more accustomed to the heat. The unprecedented lack of rainfall has made the country very dusty, and the boys return from drills very, very dirty.

Invoices of clothing now include leggings, hats, rubber blankets and shoes. The jousers and trousers are slow in getting to us, but we hope to be fully equipped before many days. Privates Fletcher, Atkinson, Halverson and Wray are now "regulars," and are being drilled daily in their hospital and litter squad work.

Captain and Mrs. Hanson are having a very pleasant time. The Jacksonville good people are giving receptions almost every evening to some or all of the officers in camp. And our captain and his wife are very popular. Private Sheldon has received his camera, and is busy finding out what "the wheels are all for."

Lieutenant Blooded and his orderly, Private Clark, have gone on another fishing trip.

Privates Reynolds, May and Atkinson enjoyed the hospitality of Jacksonville friends last evening. Two hundred and for y army mules are being unloaded and it has been very jolly watching the antics of the beasts and their drivers. I think almost the entire regiment is perched on cars or standing around near, offering friendly advice when an animal gets away or refuses to move.

Thirteen dollars and seventeen cents were handed Capt. Hanson yesterday. Enough was added to it to enable an issue of 20 cents per man and truly that 20 cents was bigger than many a dollar that has been spent in days gone by. The \$13.17 was saved on rations but we don't know where.

Pay day has been officially postponed until early in July. A great disappointment to our men.

The Second Iowa, Fourth Illinois, New Jersey and North Carolina troops paraded down town today. The Wisconsin hospital corps were called on to take part and a heavy shower came along. Privates came home most beautifully soaked. We had considerable fun at their expense.

The arrival of the army mule gives a chance for Waggoner Yeomans to start in on his duties and we are waiting for him to steer a couple of teams of "green" animals down a company street.

The men are very much interested in learning the success of Lieut. Baldwin and Corporal Hall in getting recruits. On account of four members of A Company being detailed for hospital work, four vacancies are made that will be filled by so many more recruits.

The "Seminole Club," Jacksonville's swell social organization, entertained last night, and gave a very swell banquet to the commissioned officers in camp. Capt. Hanson, Lieut. Blooded and Lieut. Whiting represented Janesville.

Beloit boys and Beloit papers have had considerable fun amongst themselves, as have representatives of other Wisconsin cities, over our visitors, the "Graybacks." It is a good fact to make note of, that at Grayback roll call yesterday, not a bug answered. Our friends from Beloit and other places are busy, however, with the army pest, and don't seem able to part with them.

Today, Saturday, is devoted to inspection and Athletics. This p. m. the Wisconsin ball team plays the Iowa boys. So far our boys have been very successful and beaten, badly beaten the Jacksonville and Second Illinois teams.

CLINTON'S HIGH SCHOOL

Commencement Exercises Were Of A High Order at Merit

The commencement exercises of the Clinton High school were held at the Baptist church on Monday evening. Among those present from Janesville were Mr. and Mrs. James Lamb, Mr. and Mrs. S. M. Fleh, C. H. Gilbert and Frank Gagan. The salutatorian was Judith Leona Martin, who chose for her theme "The Setting Sun." The paper was exceedingly well written. Among the best essays on the program were "Wonders of America" by Edythe Herberta Mayberry; "Strawberries and Cream" by Jennie Aurelia Dunn; "Thunder and Lightning," by George Irving Remmer and the valedictory, "Who Are They?" by Maud Sylvia Wilkins. All the graduates acquitted themselves with much credit and received high encomiums from those present.

ATE TOAD STOOLS
AND WERE POISONEDSERIOUS CALAMITY AVERTED
LAST EVENING.

Six Were Taken Dangerously Ill, But the Prompt Arrival of Physicians Relieved Them—Ate Toad Stools for Mushrooms—Mistake Discovered in Time.

Mistaken identity between mushrooms and toad stools came near causing the fatal illness of five residents of this city last evening. The afflicted were all out of danger at a late hour this afternoon, although in a weak condition as the result of the work of the poison the fungi contained. Those taken ill were:

Mr. and Mrs. W. P. Sayles, 256 South Wisconsin street.
Mrs. David Fifield, Miss Harriet Fifield and Edwin Fifield and servant girl, 220 South Main street.

Unlucky efforts on the part of Drs. W. H. Judd and E. E. Loomis, who worked over their patients during the greater portion of the night and early morning, no doubt saved the community from a most terrible shock.

The supposed mushrooms were gathered Sunday afternoon, and in appearance did not differ from those that had been gathered in the same locality at different times before. Yesterday they were prepared, and at last evening's meal at both the Sayles and Fifield homes, they were partaken of freely, tasting about the same as similar dishes that had been prepared before in the same homes. At the Fifield residence all partook of the dish with the exception of Walter S. Fifield.

The Poison Taken Effect.
An hour after mealtime Mrs. Fifield was taken with violent vomiting spells, and was at once obliged to take to her bed. Her condition became dangerous, her heart acting slowly and her entire body suddenly becoming cold.

Dr. E. E. Loomis was called, and on arriving found that his patient showed every sign of having been poisoned, and after doing all in his power to relieve her suffering he left for home only to be called back at midnight to attend Miss Harriet Fifield, Edwin Fifield and the servant girl who all showed the same symptoms a few hours after. Mrs. Fifield was obliged to take to her bed.

Another Family Affected.
At midnight Walter S. Fifield made a hurried trip to the home of Mr. and Mrs. W. P. Sayles to warn them against using the supposed mushrooms for breakfast. On his arrival he found both Mr. and Mrs. Sayles confined to their beds in a weak condition as the result of partaking at supper time. Both had been vomiting, and this no doubt did much toward saving their lives.

Dr. W. H. Judd was hurriedly summoned, and on his arrival found Mr. Sayles in a much weaker condition than his wife. All that could be done to relieve their suffering was accomplished and today, although in a weak condition, they were out of danger. In each of the cases the poison did not seem to act till about two hours and a half after the supposed mushrooms were partaken of.

All Similarly Affected.
All of those who were affected showed similar symptoms. There was profuse vomiting, and the action of the heart was greatly retarded. When physicians arrived the effect of the poison was very apparent. The symptoms corresponded in the main to those produced by the amanita. The amanita is the only mushroom found in this part of the country that is known to be absolutely deadly; but its forms and markings are well known and it hardly seems possible that any amanitas could have been included in the lot cooked last night without one or the other of the party noting it. Nearly all those who partook are familiar with the varieties of mushrooms known in this neighborhood.

BURNS STOLE A BICYCLE
He Is Now On Trial For the Crime In the Municipal Court.

Michael Burns, the youth who was arrested some time ago charged with stealing oats from the Grundy farm in the town of Harmony, was arrested last evening by Sheriff Acheson on the charge of stealing a \$48 bicycle and lamp from F. A. Taylor.

Burns spent the night in jail, and this afternoon appeared in the municipal court for a hearing. C. C. Russell appearing for the defendant and District Attorney for the state.

VOLUNTEERS GIVEN
ROUSING FAREWELLLOVING FRIENDS SEND OFF
THE NEW RECRUITS.

Scene at the St. Paul Depot Was One Not Soon To Be Forgotten—Boys Were All in Good Spirits and Seemed Anxious To Get to Jacksonville.

At the passenger station of the Chicago, Milwaukee & St. Paul railroad this morning at 11:30 o'clock, a rousing and a hearty farewell was given the fourteen volunteers who left for Jacksonville, Fla., to join Co. A, First Regiment Wisconsin Volunteers. The men were in charge of Private Eames, and were as follows:

Michael Madness, James Synott, John Smith, George Williams, Howard Cornell, Richard Linderman, Emmet Walsh, Albert Swartz, Herbert Granger, John Chapman, Jacob Jarvis, Lewis Bond, Anthony Tilt, Willie Dular.

They Were All Mound.

At a late hour yesterday afternoon, Dr. James Gibson, the examining physician, finished the physical examination, rejecting but four men out of a total of nineteen volunteers.

As early as eight o'clock this morning the fourteen sworn-in recruits appeared at the Armory, and at 10:30 o'clock were placed in line and given final orders by Lieutenant Henry F. Baldwin. Transportation was then placed in the hands of Private Eames for himself and fourteen men, and at 10:50 o'clock they took up the march to the depot, accompanied by a hundred friends who made good use of every opportunity to give the boys a hearty cheer.

Got a Good Start.

Lieutenant Baldwin and Corporal Hall accompanied the men to the train, and placed in their care several dozen packages that were sent to the boys at Jacksonville by loving friends. Each man carried a lunch to last two days, and several were well provided with cash. On reaching Chicago this afternoon they left over the Chicago & Eastern Illinois to Nashville and thence over the Nashville, Chattanooga & Atlantic and over the Southern railway to Jacksonville.

Each man will have a berth to himself and the best of accommodations will be provided.

Passed the Test.

Dr. James Gibson commenced the work of examining for the second squad this afternoon at the Armory. Harry Swift was examined and sworn in. Warren P. Collins and Ralph Inman were examined and passed but will both have to first get the consent of their parents for the reason that they are under age. There will be no trouble in getting the required fifteen men who will leave soon in charge of Corporal Hall and Lieut. Baldwin.

St. John's Lutheran Sunday School Enjoys An Outing

A merry crowd roamed the woods in and about Crystal Springs park today. St. John's German Lutheran church and Sunday school gave their annual picnic which was the first of the season at Crystal Springs as well as one of the most enjoyable that has taken place here in years. The first boat left the city at 10:30 o'clock well filled with a jolly crowd who were all supplied with well filled baskets. At noon a German repast was served and a more tempting meal would be hard to imagine. The picnic was a decided success for a more perfect day could not have been asked for.

NEWS FROM OUR NEIGHBORS.

(Continued from page 2)

Caw will deliver his farewell sermon
and should be greeted by a large audi-
ence. Come next Sunday, morning
and evening. The Afton correspond-
ent is in receipt of an interesting let-
ter from Private Clarke E. Osgood, of
Company E, 1st Wisconsin volunteer
infantry, now located at Jacksonville,
Florida. Many entertaining notes
regarding camp life are given, among
them the visit of major-general Fitz-
hugh Lee and his review of the gal-
lant "First," after which his comments
were: "Boys, that is as good a drilled
volunteer regiment as I ever saw." Private
Osgood observes that the three hours of hard drill recently is
responsible for the good showing
made by the Badger boys. Enclosed
in his letter were a couple of large
scallops taken from a monster forty-
pound fish, which was caught in the
St. Johns river by a North Carolina
soldier. They may be seen at the post-
office. A daughter was born to Mr.
and Mrs. Frank Radloff last Monday.
Colonel T. W. Goldin and family were
guests of Mr. and Mrs. J. B. Hum-
phrey at Oakwood farm Sunday. As-
sistant Secretary B. H. Gilbert, of the
Janesville Y. M. C. A., led the Chris-
tian Endeavor meeting at the Baptist
church Sunday evening. The schools
in the James and Lunn districts closed
last Friday, and both united in a pic-
nic held in the Geesley woods. The
pupils from both schools took part in
the presentation of a varied
program. Miss Villa Wheeler
has been teaching in the for-
mer and Miss Mary McCarthy in the
latter school during the past year.
Superintendent and Mrs. David Throne
attended a flag raising in Harmony
last Friday and the superintendent
another in Newark Saturday speaking
at both places. Mr. and Mrs. William
G. Waite are up from Woodstock for a
few days' visit with Afton relatives.
While Miss Lois A. Waite returned
home from there last Monday. The
Modern Woodmen will meet in regu-
lar session next Saturday evening.

Washington, June 21.—The senate
committee on the Nicaragua canal
agreed to report a bill for the con-
struction of the Nicaragua canal, but
on lines very different from those of
bills previously reported. The bill au-
thorized practically provides for the
construction of the canal by the United
States. The Maritime Canal company
